Mrs Watson's Message:

Welcome to Week Ten! This week is yet a continuation of the learning that has taken place this term. Students of Room 19 will be continuing their inquiry into their wonderings and questions based on the concept of choices. The challenge this week is for the students to add their new learning based on their questions onto their wiki. They will need time to do this at home and they will certainly get time at school. To get on their wiki go to <http://srproom19.wikispaces.com>. Each child has their own username and password for this site. Loads of learning and creativity to be had. Happy exploring! Have a fantastic week!

This week you are to continue to work on your own wiki page. You are required to add your learning from your "Choices Inquiry" onto your page. This must include your findings, a picture or diagram to support your findings and you must list the sources where you got your information from. You can do this in a word or pages programme first and either take a screen shot or upload the file directly onto your page. Something must be on your page by Friday! Any problems, please see me or use Chitter Chatter!
